Name, age & hobby's – Prof. dr. ir. Marcel Reinders (53)

- Reading
- Eating and drinking

In which institute/organization are you working?

Delft University of Technology, Computer Science department
VOILA – RL4

What's your role in VOILA? What would be the best outcome for you?

Research line 4 leader, with as aim:

- Development of novel biological age predictors using machine learning techniques based on omics, metabolic, muscle, gut microbiome data, as well as data in public health records as well as socio-economic and geographic data.

- Design of stratification protocol based on age segments and biological age predictor indicative for optimizing intervention responses

Mention your Pension. What will you be doing?

No idea.
