

Name, age & hobby's --Prof. Dr. André G. Uitterlinden (61)

- Books, Art, Movies, listening to Music and attending concerts, playing Classical Guitar, Tasting & Collecting Wines, preparing and enjoying Good Food, Oil Painting, and -to some extent- my work is also my hobby.

In which institute/organization are you working?

Erasmus MC, Rotterdam, The Netherlands

VOILA – RL1

What's your role in VOILA? What would be the best outcome for you?

- I am head of the Genetic Laboratory, dept. Internal Medicine, and also head of the Erasmus MC Genomics Core Facility, and I will be advising on the genetic and genomic studies in VOILA and, in general, giving free advice on how to live a happy life.
- The best VOILA outcome will be some (molecular) insight in processes of ageing and how to ameliorate them to promote a healthy old age.

Mention your Pension. What will you be doing?

After my retirement I will be doing the hobbies mentioned above, and more travelling and hiking, and enjoying life with family, friends and cats.
